

Σscape into Σxcellence ~ Dr. Diana Rangaves, PharmD

Harvard University found the U.S. education system is slipping behind China and even countries like India. The system is failing to produce individuals competent to compete as an effective workforce with soft skills. The importance of teaching values, critical thinking, and emotional intelligence characterize leaders and relationships with other people.

Dr. Diana Rangaves', PharmD message ~

"All stakeholders play a role. Use every dimension available; social, personal, cognitive, and knowledge, to make values decisions in the highest level of integrity."

"We think about our thinking," Diana says, by being aware and understanding Neurotransmitter Ticklers, STAR template for problem-solving, Habits of Thinking, and the Q Intelligence we all have within."

Diana Rangaves is an accomplished writer, teacher and philanthropist. She has spent her life in the pursuit of education and giving back. Diana received a doctorate in Pharmacy from the University of California, San Francisco.

Well respected in her space, she became part of the faculty of one of California's leading Junior Colleges. Dr. Rangaves earned several awards during her tenure including: Outstanding Contribution by Adjunct Faculty, The Faculty Fund for Advanced Studies Award and the SRJC Foundation Grant Award.

She owns ClinicalConsultantServices.com and DianaRangaves.com, where she continually facilitates positive results for her clients.

Authors' royalties from her books benefit charities: [The Adventures of Rosy Posy](http://TheAdventuresofRosyPosy.com) [Papillion](http://Papillion.com) benefit PapHavenRescue.org. Santa Rosa Junior College Foundation benefits from [Escape into Excellence](http://EscapeintoExcellence.com), and [Embrace Your Excellence](http://EmbraceYourExcellence.com).
